

REMARKS

Entry of this Amendment in supplement to the Amendment filed on December 13, 2006 is respectfully requested.

By the present Amendment, minor errors in claims 5 and 7 have been corrected. Specifically, it is noted that the reference in each of these claim that "the address calculation circuit sends the second address to the first protocol decode and generation circuit" should correctly read "the address calculation circuit sends the second address to the second protocol decode and generation circuit." Accordingly, entry and correction is respectfully requested.

If the Examiner believes that there are any other points which may be clarified or otherwise disposed of either by telephone discussion or by personal interview, the Examiner is invited to contact Applicants' undersigned attorney at the number indicated below.

To the extent necessary, Applicants petition for an extension of time under 37 CFR 1.136. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to the Antonelli, Terry, Stout & Kraus, LLP Deposit Account No. 01-2135 (Docket No. 501.42810X00), and please credit any excess fees to such deposit account.

Respectfully submitted,
